

2010 Fee Schedule

Charges will vary from project to project depending on the complexity of the study, the degree of animal handling and post-processing undertaken by the Facility staff. The fees for each project will be negotiated and agreed upon by the Facility Fellow and the Chief Investigator prior to beginning the study.

| | |
|--|--|
| Proof of Principle Image Acquisition | No charge |
| Collaborative Projects | \$155 per hour + %FTE of imaging staff |
| Commercial Fee for Service Projects | \$300 per hour |
| Post-acquisition image analysis provided by the Facility's operators | \$122 per hour |

Prices quoted are less GST (if applicable)

An hour is determined as any contiguous period of 30 minutes or greater with a minimum charge of 1 hour

Collaborative Projects = high quality research with a jointly authored publication in high impact factor journal and are thus charged on a cost recovery basis.

Prices for a commitment of one day per week for an extended period with unlimited access to post-image analysis are available upon request

| | |
|--|---|
| Unattended Post-mortem Studies (minimum of 5 hours) | \$50 per hour + %FTE of imaging staff for analysis if required |
| Attended Post-mortem Studies (1 to 5 hours or as negotiated) | \$100 per hour + %FTE of imaging staff for analysis if required |
